SUMMER HOLIDAYS

HOMEWORK

CLASS-III

SESSION: 2024-25

Dear Students,

As we embark on the summer vacation, let us remember the importance of staying active and engaged, especially during these times when our routines have been disrupted. Holiday homework plays a crucial role in keeping our minds sharp and our skills polished. It is an opportunity for you to work independently, showcase your talents, and earn recognition for your efforts. Let's make the most of this time by embracing learning and growth. We wish you a fulfilling and enjoyable vacation ahead!

Remember, good habits and manners are the building blocks of a successful life. Practice kindness, gratitude, and respect towards others. Simple gestures like saying "**please,**" "**thank you,**" "**excuse me,**" and "**sorry**" can make a big difference in how we interact with each other. **Let us also be mindful of our hygiene habits, such as brushing our teeth regularly, keeping ourselves and our surroundings clean, and conserving resources like water and electricity.** By cultivating these habits, we not only improve our own lives but also contribute to a better world around us.

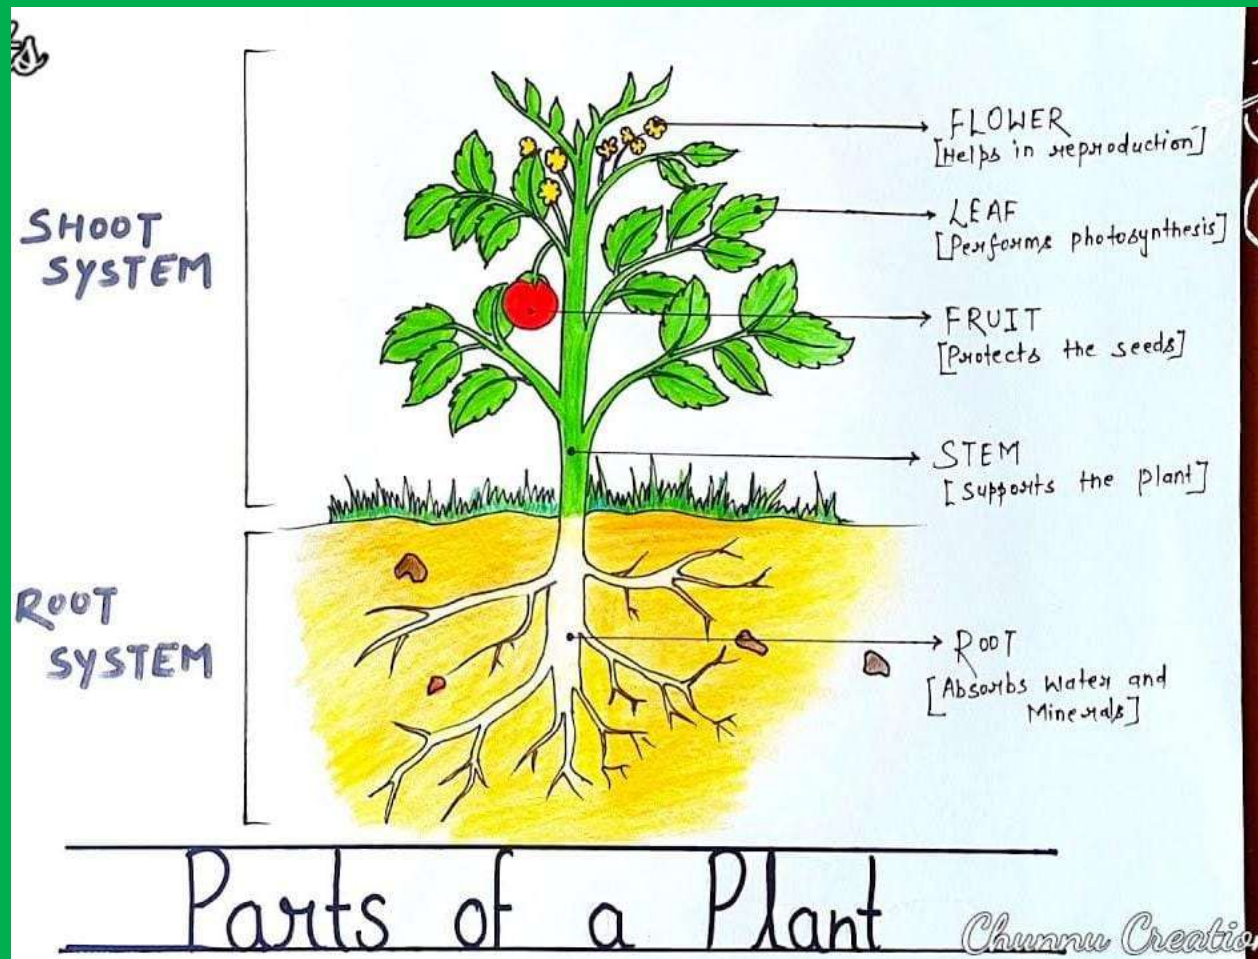

Wishing you all a safe, healthy, and rewarding vacation!
